ORDERING INFORMATION

All Mopar® vehicle care and maintenance products may be ordered via the normal Mopar Parts ordering functions on DealerCONNECT.

Mopar vehicle care and maintenance products are stocked at Mopar Parts Distribution Centers (PDC).

DEPARTMENT OF TRANSPORTATION REQUIREMENTS

The U.S. Department of Transportation (DOT) strictly regulates the packaging, labeling and shipping of hazardous materials that are transported via ground or air. Particular restrictions are placed on hazardous materials that can be shipped via air. DOT federal regulations found at 49 CFR Part 172 Subpart H provide that you or your employees are required to receive INITIAL (within 90 days of beginning employment) and RECURRING (minimum of at least once every 3 years) hazardous materials training IF you meet the following criteria:

- If you or any employee ever work in an area involved with the shipping or receiving of hazardous materials or work in the hazardous materials handling area
- If you or any employee are ever involved in any aspect of transporting hazardous materials by ground or air
- If you or any employee are involved with preparing hazardous materials for transport

Mopar recognizes that hazardous materials pose a risk to health, safety and the environment when being transported. Mopar strictly complies with all DOT Hazardous Materials Regulations (HMR) to ensure both a high level of security and employee safety when shipping our products. Mopar's commitment to HMR compliance includes providing the appropriate packaging and labeling to ensure proper shipping of our products.

It is important that you understand your responsibilities as an employer/shipper and the consequences of failing to comply with federal DOT Hazardous Materials Regulations when shipping or returning vehicle parts and maintenance products to Mopar. By strictly adhering to HMR requirements, you will be able to safely and properly ship any returned parts or maintenance products to Mopar.

For more information on compliance requirements, please visit the DOT Web site at: <http://hazmat.dot.gov>.

MATERIAL SAFETY DATA SHEETS

The Federal Hazard Communication Standard and many state regulations require that Material Safety Data Sheets (MSDS) be readily available for all applicable products to users of those products. The MSDS provides detailed health, handling and safety information on the particular product.

DealerCONNECT ACCESS TO MATERIAL SAFETY DATA SHEETS

DealerCONNECT Interactive Access to Material Safety Data Sheets (MSDS) allows for quick and easy retrieval of an MSDS for any potentially hazardous part. The following procedure is designed to guide you through the basic steps for interactively accessing a Material Safety Data Sheet (MSDS) through DealerCONNECT.

1. Log on to DealerCONNECT using <https://dealerconnect.chrysler.com>.
2. From the DealerCONNECT welcome screen, sign on with your Dealer ID, Password, and Dealer Code, Press the **[SUBMIT]** key.
3. From the DealerCONNECT homepage, click on the **[PARTS]** tab.
4. From the Parts page, click on the **[MSDS]** link under the Reference Library.
5. Type in the Part Number on the MSDS inquiry screen and click on the **[SEARCH]** key.
6. Select the appropriate product and click on the **[DISPLAY MSDS]** key.

TO PRINT AN MSDS:

Once the MSDS sheet is displayed, click on the **[PRINTER]** icon on the toolbar to print.

CONTROL INFORMATION

For 24-hour poison control information, call the Security Information Center **(248) 576-8888**.

MOPAR® BULK OIL QUALIFIER

The Mopar® Bulk Oil (MBO) program wants to give all FCA US dealers credit where credit is due! Qualifying dealers will need to hit a \$12 or greater ratio of oil purchased through the program to unique FCA US vehicle identification numbers (VINs).

Example 1 (QUALIFIES FOR REWARDS)

Month 1	Month 2	Month 3 (Current Month)		
\$2,000	\$2,000	\$2,000	=	\$6,000
	500		=	\$12

(Prior 3 months Unique FCA US VINs)

If a dealer purchases \$2,000 for the current month, \$4,000 for the prior two months, and services 500 unique FCA US vehicles, the calculation of \$12 meets the \$12 minimum threshold per VIN.

Example 2 (DOES NOT QUALIFY FOR REWARDS)

Month 1	Month 2	Month 3 (Current Month)		
\$1,000	\$1,000	\$1,000	=	\$3,000
	750		=	\$4

(Prior 3 months Unique FCA US VINs)

If a dealer purchases \$1,000 for the current month, \$2,000 for the prior two months, and services 750 unique FCA US vehicles, the calculation of \$4 does not meet the \$12 minimum threshold per VIN.

ALL MBO product pack sizes and bulk will be included!

Combined Oil Metrics = Oil Penetration

The Oil Penetration target is \$12 per unique VIN serviced. It includes all bulk, packaged oil and ATF. The MBO Oil Penetration qualifier will also be used for Dealer Rewards.

1. MBO Filter Rewards dealers receive monthly credit based on the retail sales (sold on a CRO, IRO or Service Contract) of the following Mopar® Parts:

▶ Mopar Oil Filters -
Earn 45% of Dealer Net MBO Rewards credit*

▶ Mopar Air Filters -
Earn 25% of Dealer Net MBO Rewards credit*

*MBO Rewards credit requires the retail sale of the Mopar Bulk Oil quart part number on the same repair order.

2. MBO Quarterly Cash Back is a quarterly rebate based on the total combined purchases of Mopar Bulk Oil/ATF+4.

3. An Additional Benefit of being enrolled in the MBO program is inclusion into special promotions and incentives. 2019 examples: Summer Service Lane incentive, select MSER LOF incentives, Digital LBN Consumer Rush.

Quarterly Cash Back is still calculated based on bulk gallons (packaged gallons not included).

To enroll in the MBO program, [CLICK HERE](#)
or contact Mopar Bulk Oil headquarters at
800-352-2174.

4. Mopar Bulk Oil 100% interest-free funding through Shell Lubricants for loans up to five years. These BDFs (Business Development Funds) can be used to install equipment that will help grow the dealer's Express Lane/Oil business. **In addition, new eligible funding categories, including local marketing, personnel and technology expenses, have been added to the BDF funding program.**

For more BDF information, [CLICK HERE](#) or contact MBO headquarters at 800-352-2174.

MBO Rewards credit requires the dealer's retail service sales data to be extracted from the dealer's DBS and transmitted to Mopar.

QUARTERLY CASH BACK SCALE

500 to 999 gallons	\$0.05 per gallon
1,000 to 1,499 gallons	\$0.10 per gallon
1,500 to 2,999 gallons	\$0.15 per gallon
3,000 to 5,999 gallons	\$0.20 per gallon
6,000 to 11,999 gallons	\$0.30 per gallon
12,000 to 19,999 gallons	\$0.50 per gallon

HIGH-VOLUME QUARTERLY CASH BACK SCALE

20,000 to 34,999 gallons	\$0.60 per gallon
35,000+ gallons	\$0.70 per gallon

5. Mopar Bulk Oil is delivered and invoiced in metered gallons. Dealers must use the bulk **quart** part numbers listed in the second column that correspond with the gallon part number invoiced to report sales and charge out Mopar Bulk Oil/ATF+4 in the parts section of a CRO, IRO or Service Contract:

PENNZOIL® ECOBOX™ CARTONS FOR ECOBOX™ SYSTEM

**One Ecobox™ is the equivalent of
24 single-quart plastic bottles**

- **FASTER BAY TIME** because there's no handling of individual single-quart bottles
- **BETTER INVENTORY CONTROL** thanks to the built-in visual ports with graduated inventory markings, which make gauging oil level easier
- **LESS RESTOCKING** when you compare to restocking bottles
- **BETTER VALUE** because the cost is less per quart
- **FRIENDLIER TO THE ENVIRONMENT** because an Ecobox™ plastic liner results in 89% less plastic landfill waste than the equivalent 24 single-quart plastic bottles. The Ecobox™ carton is also fully recyclable

Air Intake Cleaner (pictured) ships in aerosol container for all states except CA, CT, DE, MD, NE and UT.
Low VOC is applicable in all states.

FUEL SYSTEM CLEANER

The ultimate fuel injector cleaner. It is a powerful, non-halogenated cleaner for use in all fuel-injected gasoline engines. Catalytic converter and sensor safe.

12 Oz. Aerosol Can
MSQ: 12 Cans

Part No. 05019625AB

FUEL INJECTOR CLEANER

Cleans performance-robbing carbon deposits from the entire fuel system, restoring lost power, drivability and fuel economy. Cleans and protects sensitive fuel gauge sensors from harmful sulfur in some gasolines.

12 Oz. Bottle
MSQ: 6 Bottles
Part No. 68158590AE

DIESEL INJECTOR CLEANER

Compatible with all diesel fuels and bio-diesel. Emissions-reducing formula is non-corrosive and contains no alcohol. Rated "superior" in Cummins L-10 test for injector cleanliness. Complies with federal ultra-low sulfur content requirements for use in all diesel motor vehicles and non-road engines. Increases power and reduces black smoke.

30 Oz. Bottle
MSQ: 12 Bottles
