

AP4-CH41(R.2) - Advanced Amplifier Interface

AmpPRO interface for 2013-2019 Chrysler, Dodge, Jeep, RAM with Premium or Non-premium sound systems with 7" and 8" Display Radios (including 5" Displays in 2018-2019 Jeep Wrangler JL)

AP4-CH41(R.2)

UPC: 609098817011

Quickly and seamlessly add amplifiers to both Premium and Non-premium sound systems with 7" and 8" (including 5" displays in 2018-2019 Jeep Wrangler) display radios

AmpPRO is a Plug-n-Play solution that plugs into the factory radio harness and provides Front/Rear/Sub RCA outputs (5 volt RMS) to connect to your after market amplifiers. The AmpPRO design avoids the disappointing results and hassle of interfacing after the factory radio or factory amplifier. This latest version of the AP4-CH41 will work with all audio systems featuring 7" and 8" display radios regardless of it being non-amplified, amplified or premium amplified audio systems.

- ▶ Provides variable volume, fade, and balance
- ▶ Provides bass, mid and treble audio settings
- ▶ Retains warning chimes and navigation prompts
- ▶ Retains Bluetooth and telematic audio (if equipped)
- ▶ Front/Rear/Sub RCA outputs (5 volt RMS)
- ▶ Includes sub level controller
- ▶ Optional TOSLINK optical output (**APA-TOS1**)

Select non-premium vehicles equipped with an ANC system require module bypass.
Plug-n-Play ANC bypass harness is available (**ANC-CH01**)
